EAL	TBC	26 September 2018 2.00-4.00pm	<a href="#">Book Now</a>
English - Primary	TBC	29 November 2018 4.00-6.00pm	<a href="#">Book Now</a>

This presentation has been provided for all schools/academies who either subscribe the Learn Sheffield Subscription Offer (which includes the Subject Network programme) or subscribe to the programme specifically.

The information on the following slides is an overview of the Subject Network programme.

It is designed to be shared with staff at relevant meetings in your school setting and contains information about the background to the programme, the networks on offer, booking places and quality assurance.

### Learn Sheffield Subject Networks - Background

- The Sheffield Subject Specific Networks were re-launched two years ago.
- The network programme is included in the Learn Sheffield Subscription, so any subscribing school can send a colleague to any network without any additional charge.
- There is a cost for non-subscribing schools – information about this is available on the website.
- The networks are, wherever possible, held in the same week so that schools and academies have the option of having a week each term when the staff team attend the networks across the city.
- All Subject Networks details are available on the Learn Sheffield website ... <http://www.learnsheffield.co.uk/Services-To-Schools/Subject-Networks>
- If you have any questions about the networks please contact [enquiries@learnsheffield.co.uk](mailto:enquiries@learnsheffield.co.uk).

 @LearnSheffield

The delivery of the networks is commissioned to teaching schools and specialist providers.

The programme is included within the Learn Sheffield Subscription or available at a cost to Learn Sheffield members (e.g. non-subscribing Sheffield schools - £40 per session / £400 full access) or non-members (e.g. non-Sheffield schools - £50 per session / £500 full access).

Some schools/academies (especially in primary where the majority of teachers are subject leaders) choose not to have staff meeting (or equivalent) in the week when most of the meetings take place – this is naturally a decision for the school leadership.

**Learn Sheffield Subject Networks – What’s on offer?**

Primary (Mainstream & Special)		Secondary (Mainstream & Special)	
Art, Drama & Music	Modern Languages	Art	Maths
Computing Network	Outdoor Learning	Careers	Modern Languages
Design Technology	Physical Education	Computing Network	Music
EAL	PSHE & Citizenship	Design Technology	Physical Education
English	Religious Education	EAL	PSHE & Citizenship
Humanities	Science	English	Religious Education
Maths	SENCo Network	Geography	Science
		History	SENCo Network

 @LearnSheffield

These are the subjects that are covered in the individual subject leaders network meetings.

Each school/academy has one place at each of these meetings but the places must be booked in advance.

Some of these networks are cross-phase (for example the EAL Network) but most are either primary or secondary.

## Learn Sheffield Subject Networks – What's on offer?

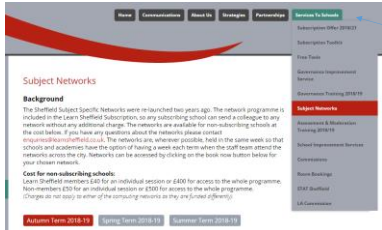

- There is also a programme of Assessment and Moderation training.
- This is also available on the Learn Sheffield website ...  
<http://www.learnsheffield.co.uk/Services-To-Schools/Assessment-and-Moderation-Training-2018-2019>

We have listed the Secondary Assessment Network in the list of subject networks but it should be noted that there is a full Assessment and Moderation Training programme available for both primary and secondary.

## Learn Sheffield Subject Specific Networks – How to Book

- Booking places for specific sessions is quick and easy – we use Eventbrite via the Learn Sheffield website.
- This enables colleagues to find the session they wish to attend and book a place online.
- They will then receive a confirmation email and a reminder prior to the training.

1. Click on Services to Schools

2. Click on subject networks

**Learn Sheffield**

@LearnSheffield

Colleagues can follow the instructions on the next three slides to book a place at a network – it is a simple process!

- Click (or hover over) on Services To Schools
- Click on Subject Networks

**Learn Sheffield Subject Specific Networks – How to Book**

**Subject Networks**

**Background**  
The Sheffield Subject Specific Networks were re-launched two years ago. The network programme is included in the Learn Sheffield Subscription, so any subscribing school can send a colleague to any network without any additional charge. The networks are available for non-subscribing schools at the cost below. If you have any questions about the networks please contact enquiries@learnsheffield.co.uk. The networks are, wherever possible, held in the same week as that schools and academies have the option of having a week each term when the staff team attend the networks across the city. Networks can be accessed by clicking on the book now button below for your chosen network.

**Cost for non-subscribing schools:**  
Learn Sheffield members £40 for an individual session or £400 for access to the whole programme. Non-members £50 for an individual session or £500 for access to the whole programme. (Charges do not apply to either of the computing networks as they are funded differently).

**Subject Networks**

**Background**  
The Sheffield Subject Specific Networks were re-launched two years ago. The network programme is included in the Learn Sheffield Subscription, so any subscribing school can send a colleague to any network without any additional charge. The networks are available for non-subscribing schools at the cost below. If you have any questions about the networks please contact enquiries@learnsheffield.co.uk. The networks are, wherever possible, held in the same week as that schools and academies have the option of having a week each term when the staff team attend the networks across the city. Networks can be accessed by clicking on the book now button below for your chosen network.

**Cost for non-subscribing schools:**  
Learn Sheffield members £40 for an individual session or £400 for access to the whole programme. Non-members £50 for an individual session or £500 for access to the whole programme. (Charges do not apply to either of the computing networks as they are funded differently).

**3. Click on the term that you wish to book a place for to view network dates. (most colleagues will book on to all three meetings at the start of the year).**

Learn Sheffield

@LearnSheffield

The Subject Networks webpage (<http://www.learnsheffield.co.uk/Services-To-Schools/Subject-Networks>) contains a button for each term.

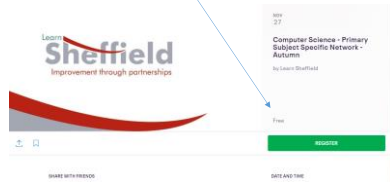

3. Choose the term you wish to view and the list of networks will appear underneath the button.

### Learn Sheffield Subject Specific Networks – How to Book

**4. Click 'Book Now' for selected training**

Computer Science - Primary	Learn Sheffield	27 November 2018 4.00-6.00pm	<a href="#">Book Now</a>
Computing Network - Secondary / Sheffield Secondary CAS Hub	TBC	29 November 2018 4.30-6.30pm	<a href="#">Book Now</a>
D&T - Primary	Learn Sheffield	26 November 2018 4.00-6.00pm	<a href="#">Book Now</a>

**5. Click 'Register' to book**

• Any information that needs to be confirmed (e.g. TBC) will be added shortly.

• If your network is currently not available for booking the 'Book Now' button will be greyed out – these will also be added shortly so please come back soon to book.

**Learn Sheffield** @LearnSheffield

Once the term has been selected:

4. Select the network meeting by clicking 'Book Now'. This will take you though to the Eventbrite page.

5. Click 'Register' to book and fill out your details.

Some information (for example the venue of a network) will say 'TBC' initially – this will be updated as soon as we can confirm the information.

Some networks are currently not available for booking (e.g. the 'Book Now' button will be greyed out) – these will also be added shortly and colleagues should come back soon to book.

### Learn Sheffield Subject Specific Networks – Quality Assurance

We hope that the programme of subject networks will support colleagues across the city to network with each other and make informed leadership decisions about their subject in their school.

- Learn Sheffield will collect feedback on the networks and make quality assurance visits during the year – this informs decisions about how the networks are commissioned in the future.
- If you have suggestions for additional networks then please also get in touch with us.
- You can contact Learn Sheffield by phone (0114 250 7417) or by email ([enquiries@learnsheffield.co.uk](mailto:enquiries@learnsheffield.co.uk)).

Learn Sheffield needs your feedback to supplement our own quality assurance for these networks.

They need you to complete any feedback forms or questionnaires.

Subject Network	Venue	Date/Time

This presentation has been provided for all subscribed schools/academies. The information on the following slides is an overview of the core subscription outlining the menu of support for your school. This can be shared with your SLT, teaching and support staff at relevant meetings in your school setting.
