

GovernorHub

GovernorHub is an online service designed to help governing boards run efficiently. It is used by over 8000 schools across the country. GovernorHub helps trustees, governors and clerks to communicate and store documents, membership details, meeting schedules and other information in one secure and accessible place.

**Governor Hub is now included in the
Learn Sheffield Governance Service Subscription.**
The normal stand-alone price for Governor Hub is £400 per board

GovernorHub brings together the key things you need as a governing body in a GDPR-compliant system:

- Education news locally and from around the country.
- A private area for a governing board to exchange messages and emails.
- Confidential encrypted online storage of documents in one place, accessible by all the members of the governing board.
- A shared calendar of meetings which can be seen on the Web and synchronised to governors' smartphone, work or tablet calendar.
- Links to DfE and Ofsted data about the school.
- Tools for clerks to manage membership, roles, committees and organise meetings quickly and easily.
- Apps for iPad, iPhone and Android which can be used to download documents to use in meetings even if there's no Internet access.
- Downloadable reports for the meeting attendance, declarations of interest and membership to help schools and trusts comply with statutory requirements.

GovernorHub also links trustees and governors with the Learn Sheffield Governance Improvement Service.

This includes:

- News and information from the local experts within the Learn Sheffield Governance Improvement Service
- Answers to most commonly asked questions
- Standard documents from the Learn Sheffield Governance Improvement Service
- The ability to book training, track your training record and download certificates for courses taken

GovernorHub is a Web based service so there's no need to install software on your computer and it can be accessed from school, work, home or wherever you have Internet access.
