‘Governance Stocktake’

A conference to take stock of the responsibilities, challenges and opportunities involved in education governance now and in the future.

How can high quality governance ensure that every child receives a world class education?

Mary Myatt

Mary is a highly respected education adviser, writer and trainer. She spends time in schools talking to pupils, teachers and leaders about learning, leadership and the curriculum.

She maintains that there are no quick fixes and that great outcomes for pupils are not achieved through tick boxes. She is working with senior leaders on the link between educational values and high standards, and her books ‘Hopeful Schools’ and ‘High Challenge, Low Threat’ have inspired school leaders across the country.

John Tomsett

John has been a teacher for 29 years and a Headteacher for 14. He is currently the Headteacher at Huntington School, York. His school is one of the country’s first Research Schools and works closely with Sheffield. John is a successful author and blogger and has to date published two books around a culture of great teaching and improving mental health in schools. He is a regular contributor to the TES and also co-founded The Headteacher’s Roundtable think tank.

#MMSchools

MoveMoreSheffield.com/schools

The Move More Schools Challenge looks a little different this year. It will not be using any tracking technology, but will instead look to engage pupils, staff, and parents. It will involve the following areas:

1. **A Move More Launch event** – Every school signed up will be asked to print a Plaque (see below) and at 12:30pm (lunchtime) on Wednesday 6th June get everyone in the whole school doing the action on the plaque for one minute – then everyone can tweet about it and post up a picture #MMSchools

3. **A teachers Pledge** that will ask teachers to sign a pledge to get their pupils more active through using active lessons, and actively encouraging them to be active at break and lunch times

2. **A Move More Playground Challenge** – Move More Plaques can be printed and laminated by schools and put around the playground, encouraging pupils to be more active at break and lunch time, as well as a resource for teachers for classroom active breaks

4. **A parents infographic** that will encompass why our kids need to be active, as well as a call to action, asking family's to do something active for Move More at least once a week through June.
