

# Subject Specific Network Meetings

We are pleased announce the dates and venues for the spring term meetings of

## Sheffield Subject Specific Networks for 2016/7

The meetings will be held every second half-term over the year and the majority of the spring term meetings are in the week beginning 6th March 2017.

Please pass this to the relevant subject specialists or subject leaders in your school.

All of the meetings are free to schools.

These networks are funded by Learn Sheffield but are a collaboration between all of Sheffield Teaching Schools, Sheffield Hallam University and a range of other partners from across the city.

They have been co-ordinated by Gaynor Jones from the Sheffield Teaching School Alliance at Silverdale School.

We look forward to welcoming you at the meetings and urge you to contact the network leader to register your interest, confirm your attendance and suggest relevant topics.

If you have any questions about the networks, please contact the network leader of the specific subject.

Further meetings will be held in the week commencing 26th June 2017.
